Re: Scana Corp.; Nuclear Power Plant Construction.

Dear PSC,

I oppose the plan of Scana to build two new nuclear power plants. I did not believe that the State of SC has enough water resources to cool these plants. I also do not believe that the plants will be safe as evidence already shows these type plants to be harmful to the communities in which they are built.

Further, I do not believe that "We the People" of South Carolina should have to pay to help construct these plants.

I urge you to vote against the application.

Regards,

John Copeland
